PURE Lard Oil, Chinese Nut Oil, Castor Oil At E. BYNUM & CO'S.

Address of the German Liberals and Republicans of Chicago.

[Translated for the Journal of Commerce from the New Yorker Staats-Zeitung].

As German American citizens, who adhered so far to the Republican and Liberal party, we lay before you herewith our views in regard to the coming Presidential election. We should consider that a victory of the Republican party would be a calamity for the Republic, for such a victory would be paramount with a prolongation of Grant's system of government. Only in the success of the Democratic Presidential candidate, can we see the possible fulfillment of our hopes for the welfare and the future of the nation. In this conviction, impressed upon us by many sad experiences, we are confirmed by the following reasons:

The Republican party has outlived the object of its organization, for the abolition of slavery is for years past an irrevocable fact, the rebellion is suppressed, the alterations to the Constitution are confirmed, and are acknowledged as fundamental laws in the South, as well as in the North, and therefore the efforts of this party to remain at the head of the government after the common aim of that party organization has been attained, are but a fight for the prolongation and confirmation of its power, a chase after office and booty. Every party that has for so many years handled the reins of government, as the Republican party has, becomes at last corrupt, and especially the history of that now dominant party gives proofs unmeasurable of this incontrovertible truth.

AN ARRAIGNMENT OF THE RADICALS.

It has during the last few years prostituted the honor of the nation abroad.

It has by its corruption given the strongest arguments against a Republican form of government to the advocates of monarchial government.

It has corrupted the civil offices of the country to such a degree that public officers have lost the last vestige of the people's respect.

It has increased to almost a hundred thousand the army of civil officers, organized this army into a political machine and misused them for its ambitious and impure purposes.

It has connived, knowingly, with the revenue frauds, and used the money thus stolen from the public treasury to conduct the election campaigns of their "great men."

It has demoralized the people by buying the votes of electors with the money stolen from the Government. The last Congressional election in the Third District of this State (Illinois) gives one of the many incontrovertible proofs of this accusation.

It has dishonorably broken all promises in regard to civil service reform, and whilst passing the reform laws in Congress, purposely make appropriations for their execution, thereby belying and cheating the people.

It has charged the corruption in the public administration to the system of plunder of President Jackson, and made not a single step to change this system during the many years of its uninterrupted power. It has proved in its last national Convention that the majority of its leaders approve of the political machinery of "Blaine," "Morton" and "Conkling," and that almost one-half of the party enthusiastically applaud the corrupt ex-Speaker of the House of Representatives.

It has wasted the public moneys and lands, and Republican Representatives in Congress have sold their votes and influence to railroad monopolists.

It has done absolutely nothing since 1872 to regain the confidence of the Liberals. To the contrary, the proofs of the rotten state of all shades of the party, even up to the Cabinet of the President, have become more apparent since 1872. The whole of his shameless swindle, together with his ridiculous liberation by a Republican Senate, have but lately raised the indignation of a justice-loving people. The register of the sins of this party has, during the late years, only grown in size and enormity, and who, therefore, turned his back to it in 1872, as a consistent person, cannot offer his hand in 1876.

It boasts too in itself the intelligence of the American people; but it has proved that in a great measure it is that intelligence, which prostitutes smartly and ably political influence for personal purposes, and enriches itself by political bargaining; that intelligence furthermore, which raises Puritanism as its dogma and limits the people in their social liberties. The ambitious and selfish policy of this party makes the re-establishment of concord between North and South an impossibility. Though the war against the rebellion is ended for more than ten years, yet it lets no opportunity pass to widen the "bloody chasm," to renew old hate and old prejudices and to place the "bloody shirt" upon its party banner. We believe in the true re-establishment of peace and brotherly feelings between North and South. We consider the scenes of horror at the South as the unavoidable consequences of the infamous rule and incitement of the Republican carpet-bagger, and as the unavoidable outbreak of the temporary dissatisfaction which was created by the sudden elevation of the slave to the political ruler. So rapid a revolution in the political position of a slavish and ignorant race, is impossible without these to be deplored consequences.

Neither the people of the South nor the Democratic party is responsible for these isolated bloody occurrences. Time and a just, energetic and impartial rule will heal also this wound of the South. But you cannot put out a fire by pouring oil into it, and heal a wound by tearing off the bandages and forcibly lacerating the scar.

For these reasons we cannot place our confidence with the Republican party. And we do not believe that the few liberals who support the Republican candidate for the Presidency will be able to guide or effectually influence him. We do not believe that this candidate can have the least prospect of success, if he does not make use of the official election machine of the dominant party, and we are convinced that he has not obtained the co-operation and support of Blaine, Conkling, Cameron, Logan, Chas. R. Barnwell and consorts, without making corresponding concessions to them and to the elements represented by them. We do not believe that he, in himself, possesses the necessary energy to effect a reform in a party where the corrupt element is in overwhelming majority. His name and his past history offer no guarantee for the future. To speak with the well known address of the New York Liberals:

"We will support no candidate of whom it is not publicly known that he posseses those qualities of intelligence and character which are required by the serious task of reform."

IN SAMUEL J. TILDEN,

However, the Democratic candidate, we discern the man for the dark troubles of this time. His name alone is a guarantee of reform. He is bound by no promises to corrupt elements, no "rings" or combinations of political robbers support him. His nomination is the result of a determination of the people to have an honest man at the head of the nation. Already at the New York Conference his name was uttered by Charles Francis Adams, Jr., under tremendous applause. He has proved that he possesses the courage and ability to force the road leading to an honest administration of public affairs, and to deliver over to the stern arm of justice, the thieves and rascals, without regard to party. His abilities and his energy for reform have a national renown of long-standing. The assurances of his personal friends that he is able to cope with his duties are superfluous. He will give us honest money, as he will give us an honest administration; no fraud will escape his discovering eye, and by his election to the Presidency of the United States we hope to re-establish the original purity of our institutions.

These are the reasons, and these the justified expectations upon which we call upon you to vote and to work in union with us for Samuel J. Tilden.

Chicago, Ill., August, 1876.

Edmund Jussen, H Dtiger, F Bauman, Edward Rummel, Philip Stein, Committee; and many thousand other Liberals and Republicans.

AND WHEREFORE.—William A Wheeler, Radical candidate for Vice-President, is in favor of remanding the South to military rule.

Stanley Matthews, brother-in-law to Rutherford B. Hayes, Radical nominee for Congress in Ohio, just defeated, is for enveloping the southern States in martial law.

Rutherford B. Hayes is for keeping a standing army in the South until every Southern State votes the Radical ticket.

Morton, Butler, Chandler, Logan, Packard, Grant and Spencer are for applying the sword to every white man's throat and the torch to every white man's roof who declines to vote the Radical ticket.

And wherefore? asks the Louisville *Courier-Journal*. That the Radical party may continue to rule the country at a cost of eight hundred millions of dollars, and that the Radical leaders may be protected from the yawning doors of fifty penitentiaries.

THE HOUSE APPOINTEES.—William A. Wheeler, Republican candidate for Vice-President, recently repeated several already refuted falsehoods with respect to the appointments made by the House of Representatives. The truth is, that of the 123 appointments on the roll of the doorkeepers as served in the Union Army, 10 in the Confederate Army, 2 in the Mexican War, 11 are colored, and 63 are non-combatants, page boys, &c. The former Republican House had 153 appointees, one of whom states there were only 18 Union soldiers among them.

A Few Facts for Tax-Payers.

It is a fact that seven years of Grant's administration have cost the country nearly as much as was expended for all purposes during the seventy-one years previous to the accession of the Republican party to power.

It is a fact that the present expenses of the government, in branches of service having no relation to the late war, are more than three times larger than the same services cost in 1861.

It is a fact that under Republican rule there are more than twice as many office-holders as under Democratic rule.

It is a fact that a large proportion of these office-holders are of no use except as electioneerers for the Republican party.

It is a fact that it now costs annually near a million dollars more than it did in 1866 to collect $220,000,000 less revenue.

It is a fact that for the purpose of carrying the last three elections the Republican party has added near $40,000,000 to the miscellaneous and Indian expenses alone.

It is a fact that the Republican party, instead of apologizing for the past, and promising to be more honest and economical in the future, expressly repudiates every kind of reform, and avows its purpose to do under Hayes what it has done under Grant.

It is a fact that the Republican State Convention of New York, the Republican State Convention of Massachusetts, all the Republican State Conventions of the South, nearly all the Republican State Conventions of the North, and the National Republican Convention at Cincinnati applauded Grant and Grantism, and held them up as examples worthy of all imitation.

It is a fact that John Logan said at Cincinnati: "No man that talks about reform has any business in the Republican party."

It is a fact that Senator Morton said: "There is more official integrity, the revenues are more faithfully collected, and the public service is better performed than at any former period. All statements to the contrary are unmitigated bosh and demagoguery."

It is a fact that Carl Schurz was sharply snubbed for preaching reform in Indiana, and that since his snubbing he has confined himself to denunciations of the Democracy.

It is a fact that Rutherford B. Hayes is "a man of tried subserviences," and if elected will be a plaint tool in the hands of Morton, Logan, Chandler, Cameron & Co.

It is a fact that Samuel J. Tilden is the most distinguished and successful reformer living, and if elected will carry the same reform into the national administration which he has wrought in the administration of the State of New York.

With this array of facts staring him in the face, how can any tax-payer who desires to lessen the tax-paying drain upon his pocket refuse to vote for the Democratic candidate? How can any sincere friend of genuine reform give his voice or vote for the Republican candidate? And what issues are there at stake in the present campaign at all comparable in importance to the twin issues of economy and reform.

A Wide Difference on the Chinese Question.

The Chinese Question is the only important political issue on this Coast. Upon the question the utterances of platforms, orators and newspapers are watched with a keen interest by all classes and particularly by working men. Upon this subject, the spirit of the two great parties is as widely divergent as the poles. The Republican platform contains a mere promise to investigate. We all know that that means simply to temporise with the question and do nothing. In fact, that vague and unsatisfactory promise was only incorporated in the platform after a hard fight by Senators Jones and Sargent, who had wit enough to understand its importance to people on this coast. On the contrary, the Democratic party, recognizing the full extent of the evils of the Chinese invasion, not only here, but those which threaten the whole country if not checked, have come out firmly and have declared that the BURLINGAME TREATY under which the system of Chinese immigration was permissible, MUST BE MODIFIED without delay. But here are the two planks of the respective platforms:

Democratic National Platform, Adopted at St. Louis, July 28, 1876.	*Republican National Platform, Adopted at Cincinnati, June 26, 1876.*
We denounce the policy which thus discards the liberty-loving German and tolerates the revival of coolie traded for Mongolian women, imported for immoral purposes, and Mongolian men, hired to perform servile labor contracts, and demand such a modification of the treaty with the Chinese Empire or such legislation by Congress, within constitutional limitations, as shall prevent the further importation or immigration of the Mongolian race.	Declaration Eleven—It is the immediate duty of Congress to fully investigate the effect of the immigration and importation of Mongolians upon the moral and material interests of the country.

THE WAY OUT OF OUR TROUBLE.—From a speech by the Hon. S. J. Randall:—What is the reason of prostration of business throughout the country? Why is the mechanic idle and the workshop closed? What party has produced this result? You and I understand this question as well as the ablest orator. It has resulted from the maladministration inflicted upon us by the Republican party, and it must be held responsible for its misdeeds. It is no answer to me to shake the bloody shirt in my face and talk about a war that happened ten years ago. I have been in the South. The Southern people are anxious for peace and harmony. As well might you expect a man with one side paralyzed to walk easily, as to expect the people to walk onward to prosperity if the South is destitute; if the business of one-half of the country is paralyzed and its people impoverished. When you meet a Republican citizen who is idle, ask him why it is? Tell him it is because of the outragous expenditures of taxes drawn from a prostrated people. The reduction of the late Democratic House amounted to thirty millions of dollars, and I tell you the Government's expenditures could have been reduced twenty millions more without any injury, and they will be reduced, if the House has its way during its two years of service, eighty millions of dollars. Mr. Garfield, of Ohio, said on the floor of the House that the Democratic party could make reductions in a manner they, the Republicans, could not, because, when they turned around and reduced expenses, they trod on some friend's toes. The remedy is to elect a Democratic President, whose past experience will enable him to grapple with such subjects. Samuel J. Tilden reduced the expenses of the State of New York $8,000,000 in a single year, and I guarantee that if he is elected President, with a cooperative House and Senate, he will save to the taxpayers two hundred millions in four years of his administration.

WHAT THE CHICAGO "TIMES" THINKS.—CHICAGO, Oct. 11.—The *Times* editorially says of the elections in Indiana and Ohio: The worst feature is, they do not conclude the battle. After alluding to the corruption, slanders and frauds which it asserts are the main faction in this canvass, it says: If it may be assumed that the result in Indiana is for the Tilden side, even though the majority be no more than four or five thousand, then Samuel J. Tilden will be the next President. To that the supporters of Governor Hayes may just as well make up their minds now as at any time hereafter. If the Tilden players have really won in Indiana, then in November Mr. Tilden will get the electoral votes of Indiana, New York, Connecticut, New Jersey, two of the Pacific States, and the solid South. Nor is it unlikely that he will also get the electoral votes of Ohio and Wisconsin; and even Illinois may give its twenty-one electoral votes for Tilden; but Mr. Tilden will not need the three States last mentioned; he will receive 206 electoral votes without them—twenty-one more than are required to elect. Following would be the table:

Alabama	10	Missouri	15
Arkansas	6	Mississippi	8
California	6	New Jersey	9
Connecticut	6	New York	35
Delaware	3	North Carolina	10
Florida	5	Oregon	3
Georgia	11	Tennesse	12
Indiana	15	Texas	8
Kentucky	12	Virginia	11
Louisiana	8	West Virginia	5
Maryland	8		
Total			206

If to these should be added the electoral votes of Ohio, Wisconsin and Illinois, Mr. Tilden would receive 259 votes; 74 more than are required to elect; leaving only 110 votes for Mr. Hayes.

The *Times* believes that Tilden will carry Indiana by the majority above indicated.

A CONTRAST THAT TELLS ITS OWN STORY.—The estimates made by the Republican heads of departments for the current year amounted to $203,099,025. The Democratic House allowed them only $138,752,340, but the Senate increased it to $156,220,598. This sum was reduced by the House to $147,719,074, which was the amount of the appropriations actually made. The House thus reduced the appropriations $59,994,253 below those of the last year and $55,379,951 below the estimates for this year. The reduction would have been $10,000,000 greater if it had not been for the obstinacy of a factious Senate.

Another Noble Letter from Chas. Fr ncis Adams.

The following letter from Charles Francis Adams was received by the Democratic Committee at Mansfield, Ohio, Oct. 1st, in response to an invitation to speak in that city:

QUINCY, Sept. 17, 1875.—DEAR SIR:—I have to acknowledge the reception of your very flattering letter inviting me to address my fellow citizens of the State of Ohio on the present state of the political affairs of the country. It is now a long while since I have attempted such a thing, and in the condition of my physical powers, especially of my voice, I must plead to be excused from undertaking the service. The question before us seems to resolve itself into this: Whether a genuine reform of the evils that have been brought on the country under the Republican administration of the last eight years is to be expected by continuing the same influence in power, or whether it would not be wiser to make a complete change and intrust the prosecution of reform to a new and fresh set of men. The disclosures of the last few years distinctly prove that the whole existing organization has been honeycombed with corruption, which not even the most earnest efforts of the honest men of the Republican party have been effectual to check. It is plain that the confidence of the majority is not withdrawn from those men who have been the most deeply compromised by their own conduct before the world, and that it has not been placed in those who appear to have been the most strenuous and efficient agents in a policy of reform. I have not a word to say in derogation of Mr. Hayes, but it seems to me at least very singular that in a fearful crisis like this a person should have been selected who has thus far had no record on this subject, and that not one individual who had really committed himself by his previous course to the policy of reform should have been seriously supported. The meagre vote given to Mr. Bristow in the Convention appears to have embraced all the true enthusiasm sincerely working for that one great object.

On the other hand, the action of the Convention at St. Louis shows a wholly different spirit. Not satisfied with making much the strongest declaration of the principles on which they propose to proceed, they went on to nominate, by a large majority, a man who by his energetic and vigorous prosecution of a difficult and dangerous task to perform in his own State had given the strongest pledges to the country, not simply of his will but of his power to meet emergencies of all sorts. No wonder that all the ferocity of the newspaper and tigers who fed upon the offal of the public crib should be vented on him. Their passion only goes to prove the justice of their fears. The very fact of their violence should be, in the minds of calm observers, the most convincing proof of the wisdom of the choice. Mr. Tilden is not called upon to promise what he will do in certain contingencies. What he has done is a better pledge than all the epithets in the dictionaries. Another strong reason in my mind for preferring Mr. Tilden in this emergency is that a new and clear policy toward the Southern States may be inaugurated, free from all the obstacles hitherto raised by a class of the public men of the North, who live by ingratiating themselves with every element remaining among the evil passions raised during the war. So long as this course is tolerated there will be no real harmony among the sections. This is a favorable moment for stamping this spirit of malignity under our feet, by selecting a man whose well-known firmness and impartiality may reinstate mutual confidence and ultimately restore unity to the whole people. We need this much in the present low condition of our pecuniary affairs. We need it more to fortify the view of our position by foreign nations. In short, the time has come for the inauguration of a wholly new and vigorous policy by a thoroughly competent and experienced man. That man, I hope and believe, will be found in Samuel J. Tilden. I remain very truly yours,

CHARLES FRANCIS ADAMS.

Figures.

SAN FRANCISCO, October 12th, 1876.

To the Editor of the Herald—SIR:—It seems to me (for I am not a registered voter and, therefore, looking upon the coming Presidential contest without party bias) that the Republicans do not count as honestly as they should. The Republicans assert the "South are united," *if so*, we have a *solid* vote of 138; add the State of New York, 35 votes, making a total vote of 173 in the electoral college. The total electoral vote is 369 and we find 185 votes necessary for a choice.

Admit that the Democrats (and very few doubt this fact) carry the great State of New York, then the Democracy need *only* twelve votes! Whence are they to get them? Here are the States:

Indiana (just gone Democratic)	15 votes
New Jersey (goes as New York goes)	9 votes
Connecticut (so; just gone Democratic	6 votes
Oregon (the probabilities Democratic)	6 votes
Nevada (the probabilities Democratic)	3 votes

Do the Republicans think the Democratic party will fail to get these twelve votes?

If Indiana alone goes in November as she has in October, Tilden is the next President! If Connecticut and New Jersey go with New York, then Tilden is elected! Figures are better facts than anything else, and it seems the coming race is to be a very close one: unless the State of New York goes for the Republicans. But if New York goes Democratic, the chances are like a horse race—the heavy fed animal gets beaten.

The Republicans *must* not only carry Indiana but several other States, *or they are lost.*

FIGURES.

GOVERNOR S. J. TILDEN'S WAR RECORD.—Ex-Governor Joel Parker of New Jersey says this: During the month of June, 1863, I had the pleasure of meeting Mr. Tilden, and in a conversation which lasted several hours, the duty of citizens, especially of Democrats, in reference to the war and its prosecution was fully and freely discussed. He was decided in his convictions of duty and outspoken in their expression. He said, in substance, that without regard to errors of administration it was the duty of every man to sustain the Government in its efforts to suppress the rebellion, and that these errors should be corrected at the ballot-box. He fully approved my course as Governor in raising men and money to aid in prosecuting the war vigorously. He was for the restoration of peace only on the basis of the Union. I have never before publicly mentioned this interview, but as the question has been raised I deem it my duty to say what I have and what I know on this subject. The assumption of the Republicans that they conquered the rebels and saved the Union, and therefore should be continued in power, would be amusing were it not provoking. With financial derangement and business embarrassment resulting from their mal-administration, with real estate depressed, with trade paralyzed, with factories closed and labor unemployed, with men begging for work and clamoring for bread—in this sad condition of things, brought about by their policy and extravagance, they have the assurance to ask for a new lease of power, because they say they saved the Union. If holding all the Federal offices during the war, depleting the Treasury and pocketing the profits of contracts was saving the Union, the Republican leaders may well claim the title of "Union Savers." But if carrying the musket in the ranks, if enduring trial and privation in the camp and on the field, if storming the imminent deadly breach had anything to do with saving the Union, then the Democratic soldiers did their full share.

SIGNIFICANT AND STARTLING.—It is a significant fact that in this canvass the Radical leaders, stump-speakers and newspapers have utterly ceased to disc

ORIGINAL AND SELECTED.

Reform within the party nominated Ben Butler for Congress.

The Democratic county canvassers report that there is no doubt of a majority of at least 4,000 for Tilden and Hendricks in Connecticut.

William E. Dodge, of New York, for many years a prominent Republican and a large contributor to Rebublican election funds, has written a letter declaring for Tilden.

At the recent election there was a Democratic gain of 2,900 in Cuyahoga county Ohio.

Connecticut will sustain New York on one hand, as New Jersey will on the other. The Democratic canvass in the land of steady habits is quiet but effective. Large meetings are being held daily.

Said Patrick Henry: "There is no instance of the errors of a Government being rectified by those who adopted them."

Hon. Barclay Henley and ex-Governor Woods had a joint discussion upon political matters at Winters last week. The *Advocate* says that Henly got away with Woods nicely.

The New York *Herald* is after Robeson's topknot: "The searching, vigorous and truthful report of the majority of the House Naval Committee," says the *Herald*, "exhibited scores of breaches of the law and maladministrations sufficient to sustain impeachment twenty times over. A few years ago it would have been impossible for a Cabinet Minister to remain in office with such a damning report hanging over his head as that now hanging over the head of Mr. Robeson."

The Republicans have long been claiming him; but the Butte *Record*, published where General Bidwell lives and ought to know whereof it speaks, says positively that he will not vote for Mr. Hayes. This will, we presume, but a quietus to the speculation as to where this gentleman stands.

If the Administration had kept down the expenses, as it promised to do in 1872 it could have applied $120,000,000 more toward the payment of the public debt in the past four years.

Some of the most prominent of the war Governors are now in the field for Tilden and Hendricks. Ex-Governor Sprague, of Rhode Island; ex Governor Curtin, of Pennsylvania; ex-Governor Blair, of Michigan; ex-Governor Parker, of New Jersey.

The gospel of eternal hate is the only gospple preached by "the party of great moral ideas."

The Republican party was born of sectional strife, and has been nurtured in commotion, bloodshed and anarchy. It was organized in 1856, and is now about 20 years old, and has not as yet attained its majority; although young and beardless, it can boast of more corruption than any other party of its age in the world's history.

From the Connecticut town elections, it is evident that Republican boasts of gains are unfounded. The Democrats have more than held their own, Democratic opposition to sumptuary laws has been generally sustained. The town elections in Connecticut resulted in eighty towns going Democratic, sixty-one Republican, and six divided.

Now we learn from the grinders of Grantism that Charles Francis Adams was among the leaders in the camp of disloyalty, disunion treason, and conspiracy, at the time the war was about to burst out over the country.

The Republican party, so union loving in its pretensions, has made since the war every effort possible to keep the Southern States in one constant turmoil; to put an eternal barrier between the white man and the black man, that it may retain the baton of power, and keep its fingers in the public treasury.

The New York *Herald* says the Republican leaders are evidently panic-stricken. They have by this time compared notes, and their conclusion appears to be that on a fair and honest canvass, on the real issues of the year, they will lose the country; and in desperation the word has gone out to fling the 'bloody shirt' to the breeze and make the appeal, not to the reason, the honesty and patriotism of the country, but to prejudice, hatred, fear and ignornace.

Ludwig Segurt, President of a Reform Club whose members are almost all Rebublicans, reports that they declare for Tilden and Hendricks. Mr. Fred Rohrback, from the Twenty fifth Ward, reported that the Turner Society of South Brooklyn, composed of Republicans, were about to organize a Tilden and Hendricks Club.

Mr. Hayes is fairly entangled in the meshes of the American Alliance. He has made a feeble effort to squirm out of the matter, but each struggle only gets him in the deeper.

The Democratic defenders of the Union flag now resident in Colorado send greeting. We have fought a good fight and have kept the faith despite the Federal Ring, the Bank Ring, the Railroad Ring, and all opposition. Colorado has recorded her first vote for Tilden, Hendricks, and Reform.

Solon Robinson, for many years agricultural editor of the New York *Tribune*, now a resident of Florida, says, although a staunch supporter of Hayes, that Florida will certainly go Democratic, and that he will cast his vote for the Democratic State ticket. It is time, he thinks, that Florida had an honest State Government. The Democratic nominees for Congres will also be elected.

The New York State taxes in 1874 were $15,727,482; in 1876 they are $8,393,196; reduction, very largely due to Gov. Tilden, $7,469,286.

History of the Republican Party—No 6.

The North became, to some extent, divided, and the so-called seceding States more strongly united. What caused the change? Who abandoned the ground occupied by all Union men in 1861? The Democracy of the North? No. Their opponents? Yes. But the change was somewhat gradual. From the very commencement of hostilities the Abolitionists asked that the war should be carried on with a view to the abolition of slavery. In the natural course of events the Republican party continually became more and more abolitionized.

First came a recommendation from President Lincoln in favor of a system of compensated emancipation in the border slave States. Next, a Convention of Republican Governors, held at Altoona, in Pennsylvania, demanded that the war should be made one for the abolition of slavery. Soon afterwards followed the exclusion of slavery from the Territories, and its abolition in the District of Columbia; and last of all came the emancipation proclamation. In addition to all that, the partisans of President Lincoln insisted that the Constitution of the United States might be disregarded, and that nobody had a right to find fault with his administration.

A great majority of the Northern Democrats thought that Democratic principles were just as good after as before 1860. They thought, moreover, that it was their duty to maintain their rights as American freemen, and that they would become no better Union men by discarding the Constitution of their country, and abandoning the principles and organization of their party.

I can fix definitely upon the point of divergence between Union Democrats and Republicans in the State of California. In May or June of the year 1862, the Republican State Central Committee published in the Sacramento *Union*, a call for a Convention in the words following:

STATE CONVENTION.—The people of this State who are in favor of *sustaining the present National administration*, and of maintaining the Constitution of the United States and preserving the Union entire, are requested to elect delegates to a State Convention to be held in the City of Sacramento on the 17th day of June, A. D. 1862, for the purpose of nominating a candidate for Superintendent of Public Instruction, and for transacting such other business as shall properly come before it.

From the commencement of the war up to that time, the Republican party had most solemnly declared that its paramount purpose was the preservation of the Union. Union Democrats, in particular, were orally invited to respond to the call. A great majority of them earnestly protested against the words "*sustaining the present National Administration, and*". With those words omitted, the call would have read, "who are in favor of maintaining the Constitution of the United States and preserving the Union entire," and would have been acceptable to Union Democrats. The propriety of holding the proposed Convention consequently became a subject of general and earnest discussion among Union men.

I was, at the time, editing a Union Democratic paper, called the Placerville *Daily News*. While acting in that capacity, I had ample evidence of the fact that the views of at least two-thirds of the Union Democrats of the County of El Dorado were in harmony with my own. As illustrative of both their views and mine, upon the point under consideration, I cull from my editorials the extracts following:

"No party can properly be organized, either to support or oppose all the acts of an administration. No administration can be so wise, as not to commit some errors. No administration can be so wicked or foolish, as not to do some good acts."

"What is the difference between saying 'Republican party,' and saying 'Administration party,' as long as it is a Republican Administration that is in power. Will not the Republicans claim every endorsement of the Administration as a Republican triumph?"

"We hate secession so much that we are willing to do almost anything to wipe out the least and last remains of it. But give us in reality a *Union* party. We want no *disguised Republicanism*."

"Men who love the Union well may differ widely in regard to the measures to be adopted for its preservation. Every man who loves his country and desires its welfare, must judge for himself how he can best discharge his duty to his country. If the Union be sustained, the Administration is not the only party benefitted. If the Union be overthrown, the Administration is not the only party injured. The Administration will hardly claim a divine right to do all the thinking for the nation. It is certainly propositous to say, that any citizen is either bound to think as the Administration thinks, or to support and what he may believe to be errors of the Administration."

"The call is not addressed to all those who are willing to sustain the Administration as far as they believe it to be right. *It is not addressed to all those who are willing to give the Administration all the aid they can in the most vigorous prosecution of the war.*"

"There are not upon earth men who love the Union more than some who think that the policy which the Administration has adopted for its alleged preservation is, in some particulars, impolitic and unconstitutional."

"Let the war be prosecuted with vigor, but not with unnecessary barbarity."

"The Union Democracy are willing to furnish men and money, *to any required extent, to put down rebellion*; but they are not willing to furnish a soldier or a dollar to give freedom to negroes."

"With greater liberality, we propose a creed based upon the single idea 'Union.' No man is required to violate his conscience by opposing what is right, or endorsing what is wrong. Into our party we invite all unconditional 'Union men.'"

At the time designated, the proposed Convention was held, and it professed to organize a new party which it called *the Union Party*. After that event became known, there was not to be found in the State of California, a man who called himself a "Republican." I know not by what process the result was effected in other States, but not far from that time, all over the Union, the words "Union party" were substituted for the words "Republican party." That change in name was either made in good faith, or it was not. If made in good faith it implied a change in principles and purpose, and a belief that the Republican party was not equal to the responsibilities resting upon it. If made in bad faith, it implied dishonesty, and a belief, on the part of Republicans, that they could not safely stand before the public on the opinion which might be entertained of their merits. The newly assumed name was retained till after the close of the war.

I am not disposed to enter into criticisms in regard to the manner in which the war was prosecuted. It was carried on upon a scale so stupendous, that in spite of the greatest skill and vigilance, some blunders would necessarily be committed."

The rebellion was not against the Republican party, or the so-called Union party, but the Government of the United States; and the Government of the United States put it down. No party, by virtue of its own unaided strength, did or could accomplish that result. The blood of Democratic soldiers was poured out upon every battle field of the war, in favor of the cause of the Union.

Not so much sympathy at the North for the rebels, as the false accusation that it existed there, gave aid and comfort to the enemy.

JAMES JOHNSON.

HAYES AND WHEELER.—Whatever else may be said of these gentlemen, this is said with truth and cannot be denied: That Hayes, though he voted at one time against the back-pay steal, yet at a subsequent time *he accepted* and pocketed it. In a speech in San Francisco the other night Mr. Piper said: "The territory the Republican party has given away is just five times the area of the State of New York. Given away to corporations—a thing that nobody can see, an impersonal thing, a thing that will bribe a court, a Board of Supervisors, a Congress and a President of the United States. It is a myth. They gave to them also $65,000,000, and *Mr. William A. Wheeler was the most active man in giving it to them.* Mr. Wheeler stepped out of his way as Chairman of the Committee on Pacific Railroads, to give Goat Island to the Railroad Company, and he got $25,000 for doing it. And in the face of all this, the Republican platform at Cincinnati announces that they are opposed to giving away the public domain and public money to corporations."

Hayes a "Know-Nothing."

Rutherford B. Hayes and Wm. A. Wheeler were nominated as the candidate of the American Alliance, by the Convention of that proscriptive Order held in Philadelphia on the 4th of July last. On the 5th of July, at the Continental Hotel, a Committee from the Convention waited upon and were received by Governor Hayes, when he was informed of and accepted the nomination. The Committee which waited upon him was composed of Messrs. Lamb of Ohio, Perry of New Jersey, Warburton of Connecticut, Kimball and Tyler of New York, and Black of Pennsylvania. On the 9th of July, at Columbus, Ohio, Mr. Hayes was waited upon by another committee—Wm. T. Black of Pennsylvanin, Lemuel S. Tyler of New York, C. H. Smith of Connecticut, and Mr. Perry of New Jersey—who presented him with the resolutions of the Convention, a copy of the Constitution of the Order, the oath, the address and *a certificate of honorary membership*. On the 10th of July, through his private secretary, Mr. Hayes sent to Mr. Tyler, one of the Committee, the following letter of acceptance, expressing therein his gratitude, confidence and sympathy. We copy from a *fac simile* of the letter published in the New York *Sun* of Oct. 4th:

COLUMBUS, Ohio, July 10, 1876.

DEAR SIR:—Governor Hayes desires me to acknowledge receipt of your valued favor of July 7, enclosing resolutions of the American Alliance, and to say in reply that he is deeply gratified by this expression of confidence. The importance of carrying the States of New York, New Jersey and Connecticut in the approaching canvass is fully recognized, and at the proper time references will be given you to Committees for such aid and co-operation as seems to be advisable.

Very respectfully,
ALFRED E. LEE, Secretary.

To L. S. Tyler, box 2071, New York.

The Constitution, Oath and Resolutions of the American Alliance, whose nomination R. B. Hayes, the Republican candidate for President of the United States, has accepted and whose principles he indorses, are as follows:

CONSTITUTION OF THE AMERICAN ALLIANCE.

Organized 1871—1873—1876.

"ARTICLE I. The name of this order shall be the American Alliance.

Section 1. The object for which this Order is organized is for the maintenance of American principles, as follows: An amendment to the Naturalization laws, *limiting the suffrage to persons born in this country*, or of American parents; *the election of American-born citizens only to official positions in this country.*

OATH OF THE AMERICAN ALLIANCE.

I solemnly swear that I will not vote for any person or persons for any official position in this country, under the laws thereof, who are not American-born citizens, and that I will not betray any of the secrets of this order, or give the name of any person belonging to the same, without his consent.

RESOLUTIONS OF NOMINATION AND ENDORSEMENT.

ORDER OF THE AMERICAN ALLIANCE,
Conference of the Grand Council, U. S.,
PHILADELPHIA, July 4, 1876.

"At a Conference of the Grand Council of the United States of the American Alliance, held at Philadelphia, July 4th and 5th, 1876, the following resolutions were adopted, and the Conference recommend all American-born citizens, without distinction of party, at the ensuing national election, to cast their votes in favor of American principles, as the only safety for the future welfare of this country.

That the nomination of Rutherford B. Hayes of Ohio for President of the United States, and William A. Wheeler of New York for Vice President, be and the same are hereby endorsed by the American Alliance Conference, and we earnestly advise all who are in favor of American principles as advocated and set forth in these resolutions, to give these nominations an active and determined support."

By order of the American Alliance Conference.
L. S. TYLER, Secretary.

After being acquainted with the principles and objects of the "American Alliance," Mr. Hayes promptly and formally accepted an honorary membership and is bound by its laws and rules never to appoint or aid in procuring office any foreign-born citizen; and not only that, but to labor to so amend the naturalization laws that *none but American-born citizens can vote.*

CHAMBERLAIN'S CALL FOR TROOPS.—The Democratic Executive Committee of South Carolina, in an address just issued, pronounce Gov. Chamberlain's proclamation calling for troops entirely unwarranted by law and facts, in which the following occurs:

"In response to a letter from General Wade Hampton, Chief Justice Moses says he knows nothing to lead him to conclude that South Carolina is an armed camp or that any army is needed more potent than the law. Associate Justice Willard and Judges Mackey and Cooke, Republicans, have written letters denying knowledge of the assertions in the proclamation."

Determined to Win.

It is now evidently the determination of the Radicals to carry the next election if it can be done by fair means or fowl. They see the hand writing upon the wall in the late elections and have procured a proclamation from President Grant foisting military government upon South Carolina, and the Secretary of war has ordered all the troops in the Department of the Atlantic to that State, ostensibly to prevent lawlessness, but really to control the election to take place there next month. Never were a people so exasperated as have been the people of the South since the war. Yet they have forborne, and we hope they will still have strength to forbear without resistance to this last indignity, to their citizenship, to their manhood, to their equality in the sisterhood of States. Better to lose the electoral vote of South Carolina than that there should be a collision. Indeed it looks as if the object of the Administration was to provoke the people there to actual conflict. Then they will cry "disloyalty," "treason," "rebellion," and fire the Northern heart as of yore, whether there is any real ground for it or not. It was all very well so long as the negroes voted with the Radical party, but now they show signs of opposing it they must be controlled by the military arm.

This course of the Administration can have but one effect in the North, and that to disgust intelligent men. Occurring as it does, just before the Presidential election, and in the face of the fact that the State is abundantly able to enforce law and maintain order, the object is clearly to control that election: it ought to, and we believe it will, lose to the Republican candidates more votes in the North than they can possibly gain in South Carolina.

Victory Assured.

By the results of the elections held thus far the success of the Reform ticket is assured, provided the people are allowed free expression through the ballot at the polls.

We arrive at this conclusion because the South, if left free to exercise its own preference—as admitted by the Republicans themselves—would cast a solid electoral vote for Tilden and Hendrick's, counting 140 in the Electoral College. New York will undoubtedly add her 35 electoral votes, after which only 10 are necessary to make the required 185—a majority of all. No one doubts that Indiana will add her 15, which alone make five more than enough to elect. Then there are New Jersey's 9 and Connecticut's 6, which are equally sure for Tilden, and this gives him 20 more than the required 185. But besides the States mentioned, California and Oregon are safe for Tilden with an aggregate of 9 more, making 29 over the number required to elect. And besides the States named, it is not unlikely that Colorado, which has already voted, will add three more, Ohio 22, Pennsylvania 29, Wisconsin 10, and possibly Illinois 21 and Michigan 12—almost a clean sweep—125 more than are required for a bare majority.

Town and County Matters

Our Campaign Offer.

We propose to those who are not taking the DEMOCRAT and desire to do so, to receive subscriptions at the regular price, payable when Tilden and Hendricks are elected President and Vice-President of the United States. We have this much faith in the success of our nominees and the pure principles they represent. The DEMOCRAT will be up with the times in all that pertains to the campaign now opened, and will at the same time keep its readers posted upon the local and general news of the day. All who want the paper are invited to send in their names on this proposition.

Naturalization.

Judge Bush will hear applications for naturalization at the Court House each Wednesday and Saturday at 1 P. M., from now till election day. 49

The Schools of Yolo County.

WOODLAND PRAIRIE.

This is a small school situated about four miles south of Woodland. It is now under the supervision of Miss India H. Sheets. The school is in good working order and the recitations shows that much interest is taken by Miss Sheets and her pupils to make the school successful. The number enrolled is fifteen and the attendance is very good. The house is a neat structure, well seated, and large enough to accommodate twenty-five or thirty pupils. The grounds should be planted with shade trees, and a few dollars expended in the purchase of some simple apparatus, would be a good investment. The school has a small library in good condition. Altogether, Woodland Prairie is a very interesting little school.

PUTAH.

This school is situated a few miles east of Davisville. A visit on Oct. 4th found the teacher, Mr. W. H. Larew, working faithfully under discouraging circumstances. The house is old and dilapidated, and should either be repaired or a new building erected. The number of names on the roll is twenty-six. There were present fifteen on the day of the visit. The order in the school is fair. The recitations were not first-class, but were very good considering the surroundings. The school has a small library, but no suitable case in which to keep the books. The grounds need improvement very badly. A few shade trees would improve matters very much.

DISTRICT COURT.—John Bell vs. James Reide—Decree of foreclosnre granted.

The people vs. Roberts—Set for trial December 5th.

Gillig et al. vs. White et als.—Set for trial December 5th.

Yolo County vs. Haines, et al.—Trial concluded and submitted,

R. L. Beamer vs. James McHenry—Cause tried and submitted for argument.

Jacob Guipi vs. J. F. Parker et al.—Cause tried submitted and judgment rendered in favor of plaintiff for the full amount sued for $1,232.50.

Annie Gordon vs. D. G. Gordon—Decree of divorce granted.

Orderded that the Equity Term be held December 5, 1876, and Court adjourned till that day.

NOMINATED.—The Democrats of the Fifth Supervisor District at their Convention on Saturday last at Capay, nominated that active and thorough Democrat, James McHenry for Supervisor. The present Radical incumbent, S. N. Mering, only won at the last election by a few votes. He will doubtless be the candidate of the Radicals again, and if so, we trust will get worsted in the race. Possessing but ordinary ability, and assuming an air of superior judgment and great importance, he has deservedly become very unpopular, we think not only with Democrats but with his own party. Mac. will undoubtedly give Mr. M. a lively race, and we hope will come off conqueror.

COUNTY COURT.—The following persons were empanneled as Grand Jurors: T. F. Laugenour, S. Blodgett, Geo. Loring, G. W. Green, J. A. Devilbiss, Jerry Green, John R. Briggs, John Grey, John R. Jones, D. C Hubbard, Julius Hawser, J. P. Bullock, Andrew Kness, J. I. Ely, F. W. Mock, John Devilbiss, O. M. Gwin, D. B. Hulbert, W. C. Wilson.

Seamen vs. Scoggins—Diminution of record suggested, and Justice Hulce ordered to transmit complete record.

The people vs. John Bachelor—Set for hearing Oct. 23d, at 1 o'clock, P. M.

HO! FOR THE WHITE HOUSE!—Mr. Alexander of the White House, has been receiving goods daily for the last two weeks, until now he has an immense stock in store; in dress goods, black and colored silks, cashmeres, brocaded goods, etc., a very fine assortment. Also millinery goods,—ladies and children's hats of the latest style; ladies' and children's underwear sacques, cloaks, etc. A large lot of Philadelphia and San Francisco shoes.

MASS MEETING.—Hon. J. K. Luttrell, judge Armstrong and several other able speakers will address mass meetings of the people at Capay on Monday next at 11 A. M. and at Dunnigan's the same evening. A delegation will attend from Woodland, accompanied by Jones Pacific Band of 12 pieces. These meetings ought to and doubtless will be largely attended by Republicans as well as Democrats.

DAMAGE.—The early rain has done considerable damage to the raisin interest. Mr. R. B. Blowers had several tons out when the rain came. Fortunately he has a drying house and will be able to save most of them, though they will probably not make so prime an article of raisins.

PERSONAL.—We are pleased to note that the well known druggist and apothecary, J. S. McCleary, who was so long in the drug house of J. L. Simpson, before it changed hands, is now at Bynum & Co's., dispensing medicines, etc., in his usual agreeable manner.

ADVENT PREACHING.—Elder J. N. Loughborough will preach at the Advent Church in this place on Friday evening next, Oct. 20th, at 7½ o'clock, and on Saturday and Sunday following at 11 A. M. and 7½ P. M. All are cordially invited to attend.

PIANO TUNER.—Mr. Lunn, of Sacramento, one of the best tuners in the country, is now in town on his regular semi-annual tour, and will remain for a few days. Those desiring his services are requested to leave their orders at this office.

MORE RESIDENCES.—Mr. E. Hoernlein has purchased the old Asberry meat market property, moved another building alongside the two already there, and is fixing up the three for neat family residences—a good and needed improvement.

IMPROVEMENTS.—County Assessor Beamer is preparing to erect a new residence on the corner of Court and Second streets. He has also put up a neat picket fence in front of the house two doors south of the corner.

CUSHEW.—This vegetable, somewhat resembling the squash in shape and flavor, is successfully cultivated by W. G. Edgar near the sink of Cach Creek. We are indebted to him for a nice one.

TAKEN UP.—The hay and stock scales on First below Main street have been taken up and the street leveled down.

CHANGE OF NAME.—The name of Antelope post office, in this county, has been changed to Dunnigan.

Gambling and Drinking.

AN ESSAY; BY A PUPIL OF UNION SCHOOL.

Gambling and drinking are two of the worst vices men can indulge in. Men generally commence gambling on a small scale, and consider it only an innocent amusement; but the paths of vice are all down hill, and when a man once gets started in this way he generally brings up in the mire at the bottom of the hill. Instead of an amusement it soon infringes on his business hours, and before long he loses all taste for anything else, spends nearly all his time at the gaming table, and urged to desperation by his losses or exultation by his winnings, he drinks again and again, becomes quarrelsome, and in his mad excitement takes the life of a fellow being.

These vices are not confined to the lowest classes: many of our most prominent and useful citizens have fallen victims to these dreadful evils. Physicians forget their patients; lawyers neglect their clients, and are more likely to be found in the saloon than in the Court room.

Farmers, under the mistaken impression that it will increase the power of endurance in their men, furnish them the deadly poison that unfits them for labor and causes them to be more easily overcome by the fierce rays of the sun.

Many such cases happened about here last Summer, men were carried from the harvest field dead from "sunstroke," when, if they had let whiskey alone they would have been well enough.

Gambling and intemperance not only injure those who indulge in them, but curse their families with poverty, disgrace and wretchedness. Many a young man who tries to be respectable is made to blush with shame because his "father is a drunkard."

I think the safest way is to let these evils entirely alone, for if we once begin to meddle with them they are almost sure to get the advantage of us. D. G.

Grand Jury Report.

STATE OF CALIFORNIA, } COUNTY OF YOLO. }

In the County Court, October Term, 1876.

To the Honorable, the County Court of said County:

We the Grand Jury, duly impannelled at the October Term of said Court, respectfully report:

That we have examined into the charges against all persons who have been held to answer; that we have found nine true bills, six for felonies and three for misdemeanors which are herewith presented to said Court for filing. That upon examination of charge against Frank Adams for resisting an officer, we have ignored the same as appears by our endorsement upon deposition herewith.

We further report in pursuance of a recommendation incorporated in a report of the last Grand Jury of said County, we have carefully examined the County Jail and find that the Supervisors of said County have commenced improvements thereon highly creditable, both for the economy and prudence exhibited and the safety and security which will thereby be insured, which improvement will be completed at an early day.

That we have also visited the County Hospital and commend its order and neatness as a credit to those who are entrusted with its management.

That we have inspected all the offices and books therein in charge of the public officers of said County, and find them orderly and well kept.

We further report that in our judgment there should be an additional book-case procured for the office of the County-Auditor, wherein should be kept all the books and records of his office, and in this connection respectfully call the attention of the Supervisors to this necessity.

That we know of no other business demanding the attention of the Grand Jury.

All of which is respectfully submitted.

J. F. BULLOCK, Foreman.
GEO. W. GREEN, Secretary.

FIFTH SUPERVISOR DISTRICT CONVENTION.—EDITOR DEMOBRAT:—Pursuant to a call of the Democratic County Central Committee, the citizens of the Fifth Supervisor District met at Capay on the 11th day of October, 1876, and organized by electing J. H. Murphy Chairman, and J. S. Tutt Secretary. On motion of S. L. Monday James McHenry was placed in nomination. D. Q. Adams was placed in nomination but declined. McHenry was then nominated by acclamation. The Convention then adiourned *sine die*.

J. H. MURPHY, Chairman.
J. S. TUTT, Secretary.

DIDN'T SPEAK.—Hon. M. M. Estee, Republican, Independent, Radical every kind of speaker, was announced to make a public speech in this place Tuesday evening. He was here but didn't speak. The weather was damp—Mr. Estee had heretofore been one of the most loud-mouthed talkers against the Republican party,—it wouldnt be consistent for him to speak in its favor now—and he didn't.

DENTAL ROOMS.—The nicely fitted-up quarters of Dr. I. N. Hodgen, Dentest, formely of Louisville, Ky., but who has resided here for a year past, are over the Express office, and are indeed very neat and inviting. The Dr. is a veteran in profession and is already doing quite an extensive business. He will be pleased to see his friends at his new quarters. He has all the modern improvements and appliances,

CIRCUS AND MENAGERIE.—Cooper, Baily & Co's great show came to time as advertised and gave very general satisfaction to immence audiences, afternoon and evening. It had a larger number of elephants than was ever here together before, and its menagerie was very good. The arenic performances were better than the average and were successful in pleasing old and young.

REGISTER.—Every person who desires to vote should see to it that his name appears upon the great register of the county, at the County Clerk's office. It will be kept open till 9 A. M. *the night before the day of election.*

JOHNSTON AND DOUTHITT.—Lt. Gov. Johnson and Hon. D. W. Douthitt spoke in Central Hall last evening to a large audience. Our limited space forbids even a synopsis of their remarks.

SUPERVISORS.—The Board of Supervisors will meet to-morrow, Friday, to hear the petition of parties for the formation of a new swamp land district in this county, as advertised, etc.

MUSIC.—The Ellis Band advertise to furnish music suitable for balls, parties, picnics, etc.

MRS. DELONG, Teacher.

SILLY TWADDLE.—The Sacramento *Bee* generally a more candid paper than most Radical sheets, concluded an article the other day in this wise:

"Even if Tilden shall be elected the Senate may be Republican and the House may be Republican also, in which case the two billion and more of Southern claims can be defeated and kept in abeyance until such time as the Constitution can be so amended as to prohibit their payment.

The *Bee* knows better, but the idea it means to convey is that if Tilden is elected and the Democrats control Congress *all* Southern claims will be paid. Read what the Constitution says about it, and then let the *Bee's* vaporings pass for what they are worth:

"ARTICLE 14: SEC. 4. But neither the United States nor any State shall assume or pay any debt or obligation incurred in aid of insurrection or rebellion against the United States."

WAR.—The plot thickens in Europe. Every indication points to a war between some of the principal nations of the old world, grewing out of the Turco-Servian war. Russia is arming heavily and it is said has formed an alliance offensive and defensive, with Austria. On the other hand, France, England and Italy are said to have male a smilar arrangement. The German Empire seems thus far to have held aloof, and may possibly hold the key to the position of the nations. At any rate it looks squally. If it does come to a general war, it will doubtless surpass in magnitude any that has ever occurred upon the earth.

The total expenditures of the White House from 1857 to 1861, were $213,028; the total expenditures for seven years under President Grant, were $848,992; annual Republican average $121,284; annual Democratic average, $53,257; Republican excess, $68,027.

RESULTS.—Indiana Democratic by 6,000, West Virginia Democratic by 10,000 to 12,000, Ohio Republican by about 10,000, Connecticut Democratic by several thousand, Colorado still claimed by both sides. This is quite as good as expected.

DELAWARE.—The election for Inspectors on the 3d inst., was carried by the Democrats by three thousand majority. This is pretty big for so small a State as Delaware.

CONCERT.—The Vienna Concert Troupe, of which Mrs. Helen Marble is a member, will entertain our people at Washington Hall on Friday evening.

BANNER.—A very well gotten up Hayes and Wheeler banner has been stretched across Main street at the corner of Second.

FIRE.—At Louisville, on Tuesday last a fire occurred which destroyed property to the value of $600,000.

J. H. EATON & SON pay the highest price for eggs and poultry. 26

The Word "Sozodont,"

Which has already become a household word, is derived from the Greek, and composed of two words, Sozo and Odontes. "Sozo" translated, means to preserve, and "Odontes" the teeth—"SOZODONT" a preserver of the teeth. And it is true to its name. It beautifies and preserves the teeth, hardens and invigorates the gums, and corrects all impurities of the breath. The odor of this pure preparation is so delightful that it is a luxury to apply it. It is as harmless as water. Sold by druggists and perfumers.

THROUGH millions of minute orifices exudes the perspiration. If these become obstructed, skin diseases ensue or the general health suffers. Both these undesirable consequences are averted and the skin preserved or rendered clear and radiant by GLENN'S SULPHUR SOAP.

CRAMPS and pains in the stomach are the result of imperfect digestion, and may be immediately relieved by a dose of "Johnson's Anodyne Liniment." A teaspoonful in a little sweetened water is a dose.

HEAVY oats are good for horses; none will deny that; but oats can't make a horse's coat look smooth and glossy when he is out of condition. "Sheridan's Cavalry Condition Powders" will do this when all else fails.

TO LOVERS OF GAME.—I wish to notify the public that I will buy and sell all kinds of game during the season, and shall try to give satisfaction to both sellers and buyers. Call at the grocery store. JOS. LABUXSIER. 47

Steadying the Nervous System.

In nine cases out of ten, deseases of the nervous system arise from a vitated condition of the digestive and secretive apparatus. The alimentary region being connected by the epigastric nerve with the brain, which is the great nerve center, it is not suprising that a disordered conditon of the stomach, liver and bowels should produce nervous headache inability to sleep, vertigo, buzzing in the ears and other symptoms of cerebral derangement. The proper and most direct way to get rid of all these disagreeable symptoms is to overcome digestive weakness and inactivity of the liver. The intimate connection between the brain and the alimentary canal is very clearly shown by the simultaneous disappearance of nervous and indigestive symptoms when the stomach and liver are subjected to the tonic and corrective influence of Hostetter's Stomach Bitters. No nervine in the whole range of materia medica is comparable to this family tonic and alterative, in the matter of soothing nervous excitement and superinducing a vigorous appetite and sound repose. But though it acts upon the nervous system through the stomach, yet being purely vegetable and wonderfully wholesome it does not produce these unpleasant after consequences which are such a serious objection to the use of mineral sedatives. It is the province of this admirable medicine to overcome the disease and disabilities, to the removal of which it is adapted by the most natural and progressive action, without disturbing the equilibrium of a single organ, or producing any undesirable result to mar its beneficent effects.

JOHN BREUNER, the big Furniture dealer of 166, 168 and 170 K Street, Sacramento, has just received four car-loads of the newest styles of furniture which he offers at the lowest prices ever given in this State. How the Deacon's Goin' to Vote.

BY R. L. CARY, JR.

I've been over to see the Deacon, and John, as sure as you're born
The Deacon's *a-going for Tilden* and he thinks that we *need Reform.*
Why he's voted the other way, John, for nigh onto sixteen years,
And now *he's going for Tilden*, I'me durned if I believed my ears.

I tried for to reason against him, and I talked of the Southern debt,
And I told him that Tilden's party would pay them same bills yet;
But he laughed and he said, "Well, neighbor, allowin' your statement true,
That the Democrats mean to pay it, can you tell me the day its due?"

Well, I was nonplussed for certain, and cornered as sure as fate,
I'd heard of the debt in speeches, but never had heard the date
That they meant to pay their bills on, and the Deacon unbuttoned his coat,
Taking from one of his pockets a ten Confederate note.

And he said, "Here's one of 'em neighbor, for part o' their debt I hold,
I'd laid it one side to look at, but I'd rather have the gold;
So if there's a chance to collect it in any way you can see
I wish you'd give me the day and date they'll pay the cash to me."

Well, the face of the note reads this way: "When some of the nations of earth
Shall have recognized that to a nation the Southlands have given birth,
We promise to pay the bearer ten dollars."—John it's true
There was'nt a nation did it. The debt will never be due.

Then I spoke on the "Outrage" question, the same as I've talked to you;
How the whites was killing the niggers, spite of all that the North could do.
And he said "Why, have'nt they stopped it, each time for the last ten years"
I've noticed that just 'fore 'lection the party's convulsed with fears.

In regard to the outrage question, you've got too sound a head
To believe in "*Bugaboo*" stories that send little children to bed.
As for me, I'm tired of voting for men that'll plunder and steal.
I've had a talk with my conscience and made up my mind to wheel.

And turn my back on the party whose promises came to nought;
To turn my back on the leaders that Credit Mobilier bought;
To vote for the "Rings" no longer, I'm goin' for honest ways,
And a "stay of proceedings" on stealing, and not a-goin' for Hayes.

I'm goin' to vote for a leader that puts his hand to the wheel;
I'm goin' to vote with a party that says "*Thou shalt not steal.*"
I want to vote for a *Leader* of whom the "Rings" are afraid,
And so I shall vote for Tilden, the choice that the people made.

I'm tired of the heavy taxes that poor men have to pay,
I'm tired of a paper dollar, not worth a dollar to-day.
Just look at the pledges made us, the things they've promised to do,
Dishonored to-day and worthless, John, what he said is true.

I thought the matter all over, since I sat here at home,
And, John, I've made my mind up, *the Deacon shan't go it alone,*
So to-night swing out the old Flag, and early to morrow morn
Beneath it we'll nail a streamer for "Tilden and Reform."

entaur Liniments!

The Quickest, Surest and Cheapest Remedies.

Physicians recommend, and Farriers declare that no such remedies have ever before been in use. Words are cheap, but the proprietors of these articles will present trial bottles to medical men, gratis, and will guarantee more rapid and satisfactory results than have ever before been obtained.

The Centaur Liniment, White Wrapper, will cure Rheumatism, Neuralgia, Lumbago, Sciatica, Caked Breasts, Sore Nipples, Frosted Feet, Chillblains, Swellings, Sprains, and any ordinary

FLESH, BONE OR MUSCLE AILMENT.

It will extract the poison of bites and stings, and heal burns or scalds without a scar. Lock-jaw, Palsy, Weak Back, Caked Breasts, Earache, Toothache, Itch and Cutaneous Eruptions readily yield to its treatment.

Henry Black, of Ada, Hardin Co., Ohio, says: "My wife has had rheumatism for five years—no rest, no sleep—could scarcely walk across the floor. She is now completely cured by the use of Centaur Liniment. We all feel thankful to you, and recommend your wonderful medicine to all our friends."

James Hurd, of Zanesville, O., says: "The Centur Liniment cured my neuralgia."

Alfred Tush, of Newark, writes: "Send me one dozen bottles by express. The Liniment has saved my leg. I want to distribute it, etc."

The sale of this Liniment is increasing rapidly.

The Centaur Liniment, Yellow Wrapper, is for the tough skin, flesh and muscles of

HORSES, MULES AND ANIMALS.

We have never yet seen a case of Spavin, Sweeny, Ring-bone, Wind-gall, Scratches or Poll-Evil, which this Liniment would not speedily benefit, and we never saw but a few cases which it would not cure. It will cure when anything can. It is folly to spend $20 for a Farrier, when one dollar's worth of Centaur Liniment will do better. The following is a sample of the testimony produced:

"JEFFERSON, MO., Nov. 10, 1873.

"Some time ago I was shipping horses to St. Louis. I got one badly crippled in the car. With great difficulty I got him to the stable, on Fourth Avenue. The stable-keeper gave me a bottle of your Centaur Liniment, which I used with such success that in two days the horse was active and nearly well. I have been a veterinary surgeon for thirty years, but your liniment heads anything I ever used.

"A. J. M'CARTY, Veterinary Surgeon."

For a postage stamp we will mail a Centaur Almanac, containing hundreds of certificates, from every State in the Union. These Liniments are now sold by all dealers in the country.

Mothers.

Castoria is the result of 20 years' experiments, by Dr. Samuel Pitcher, of Massachusetts. It is a vegetable preparation as effective as Castor Oil, but perfectly pleasant to the taste. It can be taken by the youngest infant, and neither gags nor gripes. Dr. A. J. Green, of Royston, Ind., says of it:

SIRS:—I have tried the Castoria and can speak highly of its merits. It will, I think, do away entirely with Castor Oil; it is pleasant and harmless, and is wonderfully efficacious as an aperient and laxative. *It is the very thing.*

The Castoria destroys worms, regulates the Stomach, cures Wind Colic, and permits of natural healthy sleep. It is very efficacious in Croup, and for Teething Children. Honey is not pleasanter to the taste, and Castor Oil is not so certain in its effects. It costs but 35 cents, in large bottles.

CENTENNIAL EXHIBITION,

PHILADELPHIA, PA.

THIS GREAT INTERNATIONAL EXHIBITION, DESIGNED TO COMMEMORATE THE ONE HUNDREDTH ANNIVERSARY OF AMERICAN INDEPENDENCE, OPENED MAY 10th, AND WILL CLOSE NOVEMBER 10th, 1876. All the Nations of the world and all the States and Territories of the Union are participating in this wonderful demonstration, bringing together the most comprehensive collection of art treasures, mechanical inventions, scientific discoveries, manufacturing achievements, mineral specimens, and agricultural products ever exhibited. The grounds devoted to the Exhibition are situated on the line of the Pennsylvania Railroad, and embrace four hundred and fifty acres of Fairmount Park, all highly improved and ornamented, on which are erected the largest buildings ever constructed,—five of these covering an area of fifty acres and costing $5,000,000. The total number of buildings erected for the purposes of the Exhibition is near two hundred. During the thirty days immediately following the opening of the Exhibition a million and a quarter of people visited it.

THE PENNSYLVANIA RAILROAD,

THE GREAT TRUNK LINE

—AND—

Fast Mail Route of the United States,

Is the most direct, convenient and economical way of reaching Philadelphia and this great Exhibition from all sections of the country. Its trains to and from Philadelphia will pass through a GRAND CENTENNIAL DEPOT, which the Company have erected at the Main Entrance to the Exhibition Grounds for the accommodation of passengers who wish to stop at or start from the numerous large hotels contiguous to this station and the Exhibition, a convenience of the greatest value to visitors, and afforded exclusively by the Pennsylvania Railroad, which is THE ONLY LINE RUNNING DIRECT TO THE CENTENNIAL BUILDINGS. Excursion trains will also stop at the Encampment of the Patrons of Husbandry, at Elm Station on this road.

THE PENNSYLVANIA RAILROAD IS THE GRANDEST RAILWAY ORGANIZATION IN THE WORLD. IT CONTROLS SEVEN THOUSAND MILES OF ROADWAY, FORMING CONTINUOUS LINES TO WASHINGTON, OVER WHICH LUXURIOUS DAY AND NIGHT CARS ARE RUN FROM CHICAGO, ST. LOUIS, LOUISVILLE, CINCINNATI, INDIANAPOLIS, COLUMBUS, TOLEDO, CLEVELAND, AND ERIE, WITHOUT CHANGE.

Its main line is laid with double and third tracks of heavy steel rails upon a deep bed of broken stone ballast, and its bridges are all of iron or stone. Its passenger trains are equipped with every known improvement for comfort and safety, and are run at faster speed for greater distances than the trains of any line on the continent. The Company has largely increased its equipment for Centennial travel, and will be prepared to build in its own shops locomotives and passenger cars at short notice sufficient to fully accommodate any extra demand. The unequaled resources at the command of the Company guarantee the most perfect accommodations for its patrons during the Centennial Exhibition.

THE MAGNIFICENT SCENERY for which the Pennsylvania Railroad is so justly celebrated presents to the traveler over its perfect roadway an ever-changing panorama of river, mountain and landscape views unequaled in America.

THE EATING-STATIONS on this line are unsurpassed. Meals will be furnished at suitable hours and ample time allowed for enjoying them.

EXCURSION TICKETS, at reduced rates, will be sold at all principal Railroad Ticket Offices in the West, North-west and South-west.

BE SURE THAT YOUR TICKETS READ VIA THE GREAT PENNSYLVANIA ROUTE TO THE CENTENNIAL.
